 China	GAC	~¥3,000 / mo	varies by uni
 Japan	GAC	~¥110k / mo	~¥2,000,000

WHAT DRIVES THE COST

Accommodation is the biggest variable — shared/student housing is far cheaper than private flats. Health insurance is mandatory in most destinations. Students can offset costs with part-time work (see the Visa Checklist for hours).

Budget the **proof-of-funds** figure early — it sets the visa timeline.

Living costs are indicative averages; actual spend varies by city and lifestyle.
